The screenshot shows the EAST software interface with a search results window. The search query entered is "65 and epoxy". The results list contains numerous entries, each preceded by a checkmark and a reference number followed by a detailed description. The descriptions include various chemical and material terms such as "carbon black", "graphite", "melamine", "carbodiimide", "surfactant", "para-toluene", "butadiene", "acrylonitrile", "styrene", "epoxy", "amine", and "acid number". The interface includes standard windows like 'File', 'Edit', 'Tools', and 'Window' at the top, and a toolbar with icons for search, browse, and queue. The bottom of the screen shows a menu bar with 'BRS Form', 'IS&R Form', 'Image', 'Text', and 'HTML'. A status bar at the bottom right indicates the date and time as '7/20 AM'.
